

This week is National Police Week—a time we set aside to remember and honor the brave men and women protecting our streets and communities.

I would like to note that the names of nine New York police officers who are being added to National Law Enforcement Officers Memorial at a candlelight vigil on Thursday, May 13, 2004. These police officers fell as far back as 1906 and as recently as last year. They are:

1. Rodney J. Andrews, Detective, New York City, New York.
2. Michael F. Brophy, Sergeant, City of Utica, New York.
3. James Ivan Broughton, Police Officer, Middletown, New York.
4. Jeffry Todd Edelson, Sergeant, New York State Police.
5. Neil A. Forster, Police Officer, New York City, New York.
6. James Verneuil Nemorin, Detective, New York City, New York.
7. Fred Preston, Police Officer, Patchogue, New York.
8. Glenn Matthew Searles, Deputy Sheriff, Onondaga County, New York.
9. George A. Stillwell, Deputy Sheriff, Suffolk County, New York.

We here in Congress do many things to honor our police officers. Just this term, I authored legislation to name a Post Office in my district for Edward O'Grady, Waverly Brown and Peter Paige. Twenty-three years ago an armed gang attempted to rob a Brinks Armored Truck in the middle of the day at a crowded mall and these three brave souls fell in the line of duty. But, Congress has another important job to do when honoring our "finest." We have a responsibility to provide funding to help our police—and in fact all first responders—do their jobs.

The President shares this responsibility. Yet, his budget for fiscal year 2005 is woefully inadequate. A few simple figures:

Provides only \$97 million for COPS, a \$659 million cut below the 2004 enacted level—and in FY04 COPS was funded at \$748 million;

Totally eliminates the Byrne formula and discretionary grants, yet in FY04 formula grants were funded at \$495 million and discretionary grants were funded at \$208 million; and

Also it eliminates Local Law Enforcement Block Grant grants, which were funded at \$223 million in FY04.

As a New Yorker who was watching from my home in the Bronx on September 11—watching as the greatest attack on U.S. civilians was ever undertaken—I am greatly disappointed by the President's poor request. As a New Yorker who watched the greatest act of heroism I can remember—hundreds of firefighters and police officers running into the World Trade Center as they burned, I am saddened by the President's weak request. As a New Yorker who watched in abject horror as the towers fell, killing thousands, including hundreds of firefighters and police, I am angered by the President's insufficient request.

Later, I learned that a police helicopter was circling the Trade Center site and could tell the second tower would soon fall. Yet, the police could not warn the firefighters inside because they used a different radio system. I pledged to myself and my constituents that I would do everything I could to make sure this never happened again. Thus, I joined my colleagues, Mr. FOSSELLA and Mr. STUPAK, in au-

thoring legislation to provide funding to our states and localities to purchase interoperable radio equipment. H.R. 3370, the Public Safety Interoperability Implementation Act would use proceeds from spectrum auctions to help our police and firefighters and EMS personnel.

I urge my other colleagues to join us in this effort.

I also urge my colleagues to join me and the other speakers here tonight in fighting for the funding needed to make our districts safer.

IN RECOGNITION OF REV. DR.
LARRY PICKENS

HON. J. DENNIS HASTERT

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 13, 2004

Mr. HASTERT. Mr. Speaker, I rise today to honor our guest chaplain, Rev. Dr. Larry D. Pickens, a well-known pastor in my Congressional district. Currently senior pastor at First United Methodist Church in Elgin, Illinois, Rev. Pickens recently was named top staff executive of the United Methodist Commission on Christian Unity and Interreligious Affairs. In this role, Rev. Pickens will direct the Methodists' relations with other churches and work to build unity among the denomination's 8.3 million members.

A former pastor in inner-city congregations in Chicago for fifteen years, Rev. Pickens has also served as a delegate to a "people-to-people" seminar on the legal system of South Africa. Within the church, Rev. Pickens has spent the last four years as a member of the Judicial Council, giving him a better understanding of church governance.

Admitted to both the Illinois Bar and the South Carolina Bar, Rev. Pickens holds a J.D. degree from DePaul University College of Law. He also holds degrees from Chicago Theological Seminary, Garrett-Evangelical Theological Seminary, and North Park University.

We are honored to have Rev. Pickens with us this morning. His involvement in his community and his new role in seeking unity among all denominations underscores his devotion to doing God's work for the betterment of humanity.

Thank you, Rev. Pickens, for being here this morning to open the United States House of Representatives and for your continued service and dedication.

PAYING TRIBUTE TO SHAWN
MITCHELL

HON. SCOTT McINNIS

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 13, 2004

Mr. McINNIS. Mr. Speaker, I would like to take this opportunity to pay tribute to Shawn Mitchell and thank him for his extraordinary contributions to the State of Colorado as a member of the Colorado General Assembly. As a three-term member of the State House of Representatives, he will be remembered as a legislator with the utmost dedication and talent, and will continue to be known as a leader in the community. As he moves on in his ca-

reer, let it be known that I, along with the people of Colorado, are eternally grateful for all that he has accomplished in his tenure in the Colorado House of Representatives.

One of Colorado's top lawyers, Shawn was elected to serve the people of District 33, representing parts of Adams, Boulder, Broomfield, and Weld Counties in 1998. During this last term he chaired the Information and Technology Committee, and served on the State, Veterans, and Military Affairs Committee. While serving as a legislator, Shawn has maintained a private law practice in the Denver area, and has previously served as Special Counsel to former Colorado Attorney General Gale Norton, now our Secretary of the Interior. His civic involvement includes serving as president of the Colorado Chapter of the Federalist Society, and three years on the Denver Rocky Mountain News Board of Editorial Contributors.

Mr. Speaker, it is clear that State Representative Shawn Mitchell has ceaselessly dedicated his time and efforts to serving his district and the people of Colorado in the Colorado General Assembly. I am honored to bring his hard work and commitment to the attention of this body of Congress and this nation today. Thank you for all your service Shawn, and I wish you and your wife Yvette all the best in your future endeavors.

RECOGNIZING E. ROBERT
STEPHENS

HON. JIM GERLACH

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 13, 2004

Mr. GERLACH. Mr. Speaker, I rise today to recognize Mr. E. Robert "Bob" Stephens for volunteering his services for 31 years to the East Norriton Fire Engine Company.

Bob Stephens is a citizen who has dedicated much of his life to helping people. He has done so through his extensive volunteer work at the East Norriton Fire Company. Bob joined the East Norriton Fire Company in 1973 and is still an active member today.

One year after Bob joined the East Norriton Fire Engine Company, he was put on the Drivers List. In 1976, he was promoted to Assistant Chief Engineer and held that position until 1986. Later that same year, Bob was again promoted, this time as Chief Engineer of the East Norriton Fire Engine Company. In 1980, eight years after he joined the East Norriton Fire Engine Company, Bob was awarded Life Membership.

During his service, Bob made many significant contributions to the Fire Company and to the community. Bob attended as many county and state fire schools as he could in order to learn as much as possible about his volunteer work. As a ranking member of the Fire Company, Bob served on many different committees where he was able to use the expertise gained in the fire schools to better the Fire Company in which he volunteered. Bob actively served on the banquet, building, truck, and uniform committees and later became a member of the East Norriton Fire Engine Company's Board of Trustees.

Bob has also been the recipient of numerous awards from the East Norriton Fire Engine Company. Bob was the three-time recipient of

the President's Award, a recipient of the Chief Engineer's Award, and a two-time recipient of the Fire Fighter of the Year Award.

Mr. Speaker, I ask that my colleagues join me today to recognize Robert Stephens's dedication to volunteer work and the East Norriton Fire Engine Company and the contributions he has made to the East Norriton community and the Commonwealth of Pennsylvania.

REGARDING H.R. 4280, THE
H.E.A.L.T.H ACT

HON. MARK UDALL

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 13, 2004

Mr. UDALL of Colorado. Mr. Speaker, I'm holding my nose and voting against H.R. 4280, which would limit medical malpractice awards. I am not pleased that we are voting on this bill again, since an identical bill is languishing over in the Senate and I doubt that by passing it today we will jolt the Senate into moving on the bill. I think the vote today has more to do with politics than with policy.

I think we're beating a dead horse. Both sides have dug in and aren't willing to compromise. In the meantime, we aren't doing anything to reform our medical liability system and we aren't doing anything to make health care more affordable and accessible for Americans. Our system is inherently adversarial and we've continued this fingerpointing game and done nothing to improve patient safety and health care access, which is what we're really talking about here.

I think we need a system that is non-punitive and encourages openness and improvement so that doctors can report medical errors without fear of being sued. This will help us understand medical errors and improve procedures and patient safety. Fewer medical errors will result in fewer medical malpractice suits, which in turn will help keep malpractice insurance rates and health care premiums down. That's why I voted for H.R. 663, the Patient Safety and Quality Improvement Act, which would create a voluntary medical error reporting system under which patient safety organizations would receive, on a confidential basis, and analyze information on reported errors. They would then be expected to develop and disseminate evidence-based information to help providers implement changes in practice patterns that help to prevent future medical errors. In addition to this legislation, I think we should explore ideas like alternate dispute resolution, no-fault systems, and medical courts.

I also want to make it clear that I am not opposed to capping damages because I think it helps keep health care costs down and keeps doctors accessible, like in my home State of Colorado where we have caps. However, I think H.R. 4280 sets low and arbitrary limits on damages, which will hurt those at the bottom of the income scale the most. Also, I don't think we should be shielding large and powerful HMOs and drug companies from liability.

Mr. Speaker, ultimately this issue is about health care access and patient safety. If we aren't going to compromise, I hope we'd start thinking outside the box on how to end the logjam on tort reform. I offer these ideas as a way to get there, because we aren't going to get there from where we are today.

RECOGNIZING ASIAN AMERICAN
HERITAGE MONTH

HON. HILDA L. SOLIS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 13, 2004

Ms. SOLIS. Mr. Speaker, I rise today to honor and recognize the month of May as Asian Pacific American Heritage Month and to pay tribute to the 120,000 individuals of Asian descent I represent in California's 32nd Congressional District. I am fortunate to represent an ethnically diverse district that has experienced first hand the economic and cultural contributions of the Asian Pacific American community.

Although less than 4 percent of the U.S. population is Asian, I am proud that 19 percent of the congressional district I represent is of Asian descent. Some cities in my congressional district have a well-established Asian Pacific American community. Monterey Park, for example, is home to a vibrant Asian American community and has a City Council that is majority Asian. Other cities in the congressional district I represent, like West Covina, have experienced an increase in their Asian population in more recent times. From 1980 to the present, West Covina's Asian Pacific American population has grown from 4 percent to 23 percent.

Asian Pacific Americans bring diversity to our community and also contribute to our economy and to our advancement as a nation. Asian Pacific Americans have made vast contributions in the fields of medicine, technology, and agriculture that benefit all Americans. Furthermore, throughout times of heightened national security, Asian Pacific Americans have fought to protect democracy in every war since the Civil War. For example, despite the disturbing racism toward Japanese Americans during World War II, Japanese Americans volunteered to serve in the armed forces as part of the 442nd Infantry Regimental Combat Team. The 442nd Regimental Combat Team remains the most decorated unit in U.S. military history. Not only did these Japanese servicemen show their loyalty to the United States, but they also earned more than 18,000 individual decorations in less than 2 years. These noble service members deserve our recognition.

In closing, I would like to commend organizations in California's 32nd Congressional District that exemplify and promote Asian diversity during Asian American Heritage Month.

A TRIBUTE TO JOAN PETERSON

HON. EDOLPHUS TOWNS

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 13, 2004

Mr. TOWNS. Mr. Speaker, I rise in honor of Joan Peterson in recognition of her substantial contributions to her community.

Upon gazing on their beautiful baby girl, parents Emily Cole and John Stafford named her Joan, celebrating the namesake of both grandmothers.

Joan spent her early years of elementary education at Clio Public School where her grandmother, Joan Guice taught first grade,

her mother taught 10th grade and her grandfather Professor Charles Guice served as principal for 50 years. Her latter years were spent at St. Joseph Catholic School where she graduated 8th Grade. Upon completing elementary school, she attended Holy Rosary High School in Lafayette, Louisiana and graduated with honors.

Joan attended college at Tuskegee University with a major in Nursing Education. However, when her mother moved the family to Brooklyn, New York, she enrolled at Medgar Evers College and completed her education in Business Management. She later attended New York University and received a certificate as an Administrative Assistant.

Joan worked with the United Negro College Fund as an Employee Associate where she began to develop a format that would bring together all graduates of other black colleges to participate in a job market. This has now evolved as a site on the Internet for job placements.

Joan later met and married hometown friend, David Peterson, Jr. From their union, two children, Danielle and David Peterson III, were born. The children attended St. Paul Community Christian School where Joan became very involved in her children's education and participated in all fundraising activities. When the children transferred to P.S. 308, Joan continued to be active and was the Financial Secretary for the P.T.A. until her daughter Danielle graduated. Joan joined the Concerned Women of Brooklyn in which she is still an active member. In 1997, Joan's husband became ill and passed away. Subsequently, Joan bought a house and moved to Bedford-Stuyvesant, where she immediately joined the Block Association where she now serves as Financial Secretary.

Joan presently works for the Health and Hospital Corporation as a Senior Systems Analyst. In her sixteen years of service, she has worked in several areas, Office of Affiliations, Construction Management, Kings County Reconstruction Project, Elmhurst Modernization Project, Accounting Department and presently she is in the Receiving Department at Queens Hospital.

As a recipient of several awards as an Outstanding Leader in her community and school, Joan is interested in developing a program that would address young males, ages 10-18 years. Joan is a member of St. Paul Community Baptist Church, where Rev. Johnny Ray Youngblood is the senior pastor.

Mr. Speaker, Joan Peterson has actively participated in improving her community through various volunteer positions. As such, she is more than worthy of receiving our recognition today and I urge my colleagues to join me in honoring this truly remarkable person.

TRIBUTE TO THE 21ST SPACE
WING GUARDIAN CHALLENGE 2004

HON. MARILYN N. MUSGRAVE

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, May 13, 2004

Mrs. MUSGRAVE. Mr. Speaker, I rise today to honor the 21st Space Wing at Peterson Air Force Base in Colorado.

The 21st Space Wing, under the Command of Brigadier General Richard Webber, also
